

# See for yourself that they're okay. **Privately.**

When a parent lives alone, the hardest part is the not knowing. Lightkeeper Watch gives your family a quiet, secure window into a loved one's wellbeing — built around one principle most companies won't offer.

Their home. Their data. **Your family's eyes only.**

No corporate cloud.  
No strangers watching.  
No monthly fees required.

## Private family video

Cameras placed only where your loved one is comfortable — living room, kitchen, entryway, never private spaces. Footage records to a secure drive **inside their home**, seen only by the family they choose, on their phone from anywhere, through an encrypted connection. Nothing is ever uploaded to a company's servers.

## Quiet awareness layer

Discreet, camera-free sensors learn the rhythm of the home and gently notify family when something looks off:

- No morning activity by the usual time
- An exterior door opening at an odd hour
- No movement anywhere during waking hours
- The home running too cold, or a water leak

## Choose their comfort level

Independence and dignity first — step up later as needs change.

	CHECK-IN	AWARENESS	ENHANCED
Daily activity confirmation	✓	✓	✓
Inactivity & unusual-pattern alerts	—	✓	✓
Private family video (common areas)	OPTIONAL	✓	✓
Environmental alerts — water leak & temperature	—	—	✓
Multi-zone coverage & priority support	—	—	✓

**Your loved one chooses their level.** Sized to their comfort and home — a one-time investment with a fixed price after a free in-home assessment. You own everything.

### OPTIONAL CARE PLAN · FROM \$360/YR

**On-site, no backdoor.** Seasonal in-person visits for firmware updates, sensor tuning, and health checks as needs evolve — never remote access, never your passwords, and never required for the system to work.

### WHY LOCAL FAMILIES CHOOSE LIGHTKEEPER

- No contracts or mandatory subscriptions
- Footage never leaves the house
- Designed & installed locally
- Honest about what each sensor can do

Free in-home consultation — we'll design around **your family's comfort level.**
